## CORPORATE LAW - DISTRESSED COMPANIES - RESTRUCTURING

Admitted to the Lyon Bar in 2012, Fanny Biesuz initially practised with two Lyon-based business law firms, where she developed solid expertise in business litigation and insolvency/restructuring law. Driven by a desire to offer personalised, cross-disciplinary support to businesses faced with complex situations, she then founded her own firm, which she headed as managing partner.

At the head of her independent structure since 2017, Fanny Biesuz has supported numerous economic players, from VSEs to major groups, providing solutions for businesses and their managers. Her pragmatic approach and strong commitment to companies in delicate situations have enabled her to establish herself as an expert in supporting structures in transition or in difficulty.
